Identify, Organise and Control Your Products

Ensure Your Warehouse Is Organised

An organised and clearly marked warehouse ensures that all tasks can be performed efficiently and effectively. This means greater productivity from workers, a reduction in errors and damage to stock, better customer service and less risk of injury or accidents in the workplace.

Use Brady's range of labels, numbers and letters and large range of tags to clearly mark aisles, shelves, racking, products and bins to instruct workers about the contents or conditions of an area or even for general purpose marking.

ACCIDENT PREVENTION TAGS

On-the-spot warning of dangerous conditions is easily accomplished with Accident Prevention Tags.

- Textured Write-on surface allows for authorised signature, date and other special instructions.
- Standard Size: Tags are 145mm x 75mm with two chamfered corners and a 5mm grommeted hole.
- Matte finish accepts pencil, pen and marker.
- Tags are available in a selection of three materials to meet every application
- B-853 Tags come with string fasteners

THERE'S A TAG FOR EVERY APPLICATION AND BUDGET

844365	Scafftag Inspectors Prohibition Inserts	\$3.90

STARTER KIT INCLUDES:
10 Status Holders, 20 Status Inserts, and one permanent marker

STAGE 1 SCAFFOLD UNDER CONSTRUCTION

Scaffold holders STH must be attached to all authorised/approved access points to the scaffold.

STAGE 2 CONSTRUCTION COMPLETE

When construction is complete the scaffold is inspected to ensure compliance with standards and codes of practice. Inspector completes the Green faced Scafftag insert STSI with its unique identification number, loading and usage, date and his signature. Then places into the Scafftag holder, either "SAFE FOR USE" or "DO NOT USE SCAFFOLD."

STAGE 3 ON-GOING INSPECTIONS

Ongoing inspections will need to be carried out regularly or after adverse weather conditions to comply with Regulations ensuring the scaffold's safety for use. On satisfactory inspection the inspector will sign and date the reverse Yellow side of the Scafftag status insert STSI and update the Scaffold inspection Register, using either "UNSAFE" or "OFF HIRE CONDITIONS."

CREATE CUSTOM LABELS TO SUIT YOUR EXACT NEEDS

Labels can be printed in a variety of colours to best suit your individual needs, from an attractive and professional blue, green, red or yellow, to a more eye catching fluorescent yellow, pink or green. You can easily change the look of your label, by changing the shape or the colour of your ink. Labels can be printed with Black, Red, Green, Dark Blue, Light Blue, Orange or even reverse print ink. (On fluorescent colour labels we recommend that Black is used). If you are after a more durable label, then vinyl is your answer, and again it is available in a large range of colours with your choice of ink colour.

BRADYLITE® REFLECTIVE NUMBERS & LETTERS

Bradylite® Reflective Numbers and Letters provide high visibility identification at night or during inclement weather.

FEATURES:

- Class 2 Reflective Material – Utility proven B-997 Bradylite® reflects light 100 times brighter than a plain white surface. Engineering grade markers perform despite storms, snow, humidity and other tough environmental conditions.
- High Visibility – Indoor or outdoor. Excellent visibility at night.
- Low Temperature Adhesive – Cold temperature acrylic adhesive allows markers to be applied at temperatures as low as -10°F.
- Slit liner provides easy removability and fast application.

TO ORDER: Add single digit number or letter in place of asterisk to complete catalogue number. Characters available are: A-Z, 0-9. Use DSH to order dash and BLNK to order blank (5900, 5910 and 5920 series only).

5905 Series
38mm x 25mm

5910 Series
38mm x 25mm

5920 Series
38mm x 25mm

For low temperature applications: B-997 Bradylite® has a cold temperature adhesive. This engineering grade reflective sheeting can be applied at temperatures as low as -10°F (-27°C) making this an ideal material for cold weather use.

JUMBO WAREHOUSE NUMBERS & LETTERS

Black on white numbers and letters offer bold, easy to read graphics for indoor or outdoor use. Applications include identification of picking aisles in warehouses, dock doors, parking spaces and utility pole numbering. All sizes are supplied with 6mm holes.

The text is permanently embedded in the fibreglass giving you the ultimate in chemical, abrasion and weather resistance.

TO ORDER: Add letter or number desired to complete catalogue number. 1-9, A-Z are available from stock in 7710 & 7720 Series. 01-25 are available in 7730 Series.
