Safety Guidance System

Products that help people find their way out... quickly and safely

Emergency Evacuation is of critical importance to all businesses in Australia today. Brady leads the way to safety with our range of BradyGlo™ photoluminescent technology. This advanced safety guidance system ensures that all employees, visitors and emergency services can easily locate exits and fire fighting equipment in the event of an emergency. BradyGlo™ features a superior, high intensity glow for 10+ hours and easily recharges by absorbing ambient light. It is non-toxic, non radioactive and explosion safe.

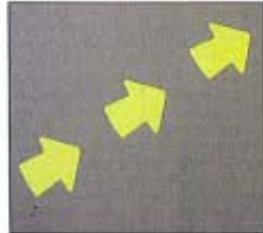

The BradyGlo™ Advanced Safety Guidance System creates a continuous, illuminated escape route that is visible in darkness and below smoke. Use BradyGlo™ tapes for continuous emergency egress on walls, stairwells and handrails, BradyGlo™ signs for clear and concise direction and to identify means of egress and fire protection. BradyGlo™ also comes in dots, arrows and floor markings.

Lead the way to safety in your facility with BradyGlo™

EVACUATION MAP DISPLAY HOLDER

The easy-to-see acrylic board quickly shows viewers the best evacuation route from their work area. Display size: 380mm (h) x 279mm (w)

Part Number	Price (ex GST)
852514	\$59.90

**MEGAPHONES**

These Megaphones will help ensure that communication is clear between the Fire Warden and employees. In the event of an emergency it is important that employees can hear directions to ensure their safety. The Megaphone comes with a push button, volume control incorporated in the handle, 20 watt power as standard. Also available with siren as additional model.

Part Number	Description	Price (ex GST)
852515	Standard Megaphone	\$239.00
852516	Megaphone with Siren	\$259.00

* No Batteries are included: 6 x C Cell Batteries are required to operate Megaphones

RECHARGEABLE AIR HORN

Warn of emergency situations by using this economical and environmentally friendly Rechargeable Air Horn. With a powerful siren emitting 120 dB. of sound, you are sure to be heard. The Air Horn can be stored anywhere and can be used in all weather and temperature extremes. To recharge, simply refill air using the hand pump (included). 100% ozone safe.

Part Number	Price (ex GST)
850342	\$72.50

Changes to Australian Standard AS 2293.1-2005

Standards Australia has recently revised and modified AS 2293.1 Emergency evacuation lighting for buildings. The modifications in this standard come as a result of changing international trends, it now specifies the use of the "moving person" symbol developed by the International Standards Organisation, instead of the word "EXIT" on illuminated exit signs.

Implementation of this change is expected to become part of the building regulations in the next publication of the Building Codes of Australia (BCA) in 2006. Applications for use of the new symbol in new projects can be made to the BCA now, approval for its' use will be done on a case-by-case basis. For more information, visit www.standards.org.au

These IMO Fire & Evacuation signs have been designed to meet the International Maritime Organisation (IMO) requirements for emergency evacuation procedures as outlined in IMO Resolution 752.A(18)

NON-ELECTRIC EXIT SIGNS

BradyGlo™ Exit signs are made from high performance photoluminescent B-355 material which features a superior glow time of 24+ hours. BradyGlo™ signs absorb and store energy from ambient fluorescent lighting to produce an immediately visible message in the event of dark or smoky conditions. You only need the one legend – handy "pop-out" chevrons make the placement of each sign easy to customise in every situation. These exit signs are non-electric, non-toxic and non-radioactive, saving time and money on energy costs and maintenance checks. Contact your local distributor for a Cost Justification sheet comparing traditional exit lighting solutions with the innovative BradyGlo™ Exit Sign. Available in green and in three styles – Wall mounted, Projecting Single Sided & Projecting Double sided (includes mounting hardware).

* Wall Mounted Signs pictured
